### Part 1 (CD: Track 07)

#### Listening Comprehension

- Listen for key words from the spoken text.
- Make inferences from contextual cues.

(10 marks @2 marks)

Write your answers (A, B, C or D) in the ☐ below.

Mandy is listening to a special weather report on the radio. Listen carefully and choose the best answers for Questions 1-5. You have 30 seconds to study the questions. You may start now.

1. How long has Typhoon Signal Number 8 been issued? (Arithmetic skill)

- A. 2 hours B. 3 hours Refer to (Q1.1) (Q1.2)  
C. 4 hours D. 5 hours

B

! The special report was at 11:00 a.m. and the Typhoon Signal Number 8 was issued at 8:00 a.m. Therefore, the Typhoon Signal Number 8 has been issued for 3 hours.

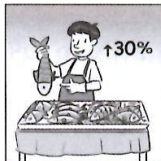

2. How did the firemen help the construction worker? (Listen for specific information)

- A. gave him water to drink B. took him to hospital Refer to (Q2)  
C. gave him medicine D. took him home

B

! The construction worker was rescued by the fire services and then taken to a nearby hospital. It can be inferred that the firemen also took the worker to hospital.

3. Which event has NOT been reported? (Listen for specific information)

- A.  B.  C.  D. 

B

Refer to (Q3)

! It is expected that the price of vegetables would rise by 30%, not the price of fish.

4. How has transport been affected by Typhoon Jack? (Analytical skill)

- A. Trains on the Tung Chung line are running every 30 minutes.  
B. Thirty flights have been delayed.  
C. The airport express line has been closed.  
D. One of the MTR lines had a power cut. Refer to (Q4)

D

#### Mind the Trap

Choices A and C are not the answer because it was the Tung Chung line that was closed 30 minutes ago.

! Choice D is correct because MTR trains on the Tung Chung line were suspended due to a power cut.

5. Which of the following is TRUE about Typhoon Jack? (Analytical skill)

- A. It is moving northeast at 18 km/hr.  
B. It will be closest in 5 hours.  
C. It may cause more serious floods in Tai Po. Refer to (Q5.1) (Q5.2)  
D. It will leave in 4 hours.

C

! It was reported earlier that there was flooding in Tai Po. Since there would be more rain in the coming hours, it is likely that there may be more serious floods.

#### Think Ahead

Students should learn the different meanings between modal verbs, such as 'may' and 'must', to understand Choice C is a prediction that can be true based on the weather report.

(10 marks @2 marks)

Write your answers (A, B, C or D) in the ☐ below.

6. The store that Mandy is complaining about is \_\_\_\_\_ .

(Listen for specific information)

- A. located in Jordan
- B. inside a shopping mall Refer to (Q6)
- C. called Candy's Fashion
- D. on a big sale

7. Which of the following is NOT true about Mandy's shopping experience?

(Analytical skill)

- A. Nancy did not check to find Mandy's size.
- B. The dress was sold out. Refer to (Q7)

! The dress was not sold out yet because another shop assistant later got an XL one for Mandy.

8. How many times did Mandy ask for help at the shop? (Listen for specific information)

- A. 1
- B. 2 Refer to (Q8.1) (Q8.2)

- B. Nancy gave the wrong size to her
- C. she was not happy with the service Refer to (Q9.1) (Q9.2) (Q9.3)
- D. she did not have enough money

C

Mind the Trap

It was Tracy, not Nancy, who gave the wrong size to Mandy. So Choice B is not correct.

### e.g.2 Average Student's Attempt

Subject: An accident

Dear Janet,

How are you? Yesterday, I went home by ferry after the trip to Cheung Chau.

On the ferry, two women were talking. I was quite annoyed. One of them put her feet on the empty seat in front of her and that made me angry.

The woman dropped her ice cream. It fell on my shoes. My shoes became sticky. She was careless. I was unhappy and angry.

The woman apologised immediately, so I was happy again. I forgave her and told the two women not to do those things again. It was an unforgettable incident!

Yours,

Martin

### Improvement Focus

- Use more adjectives and adverbs to create a richer narration. (e.g. '...two women were talking **loudly**.'; 'The woman dropped **her** ice cream ... She was **careless**.')
- Use more connectives to make **better** transition. (e.g. '**Later on**, one of them put her feet on the empty seat in front of her...'; '**Then**, the woman dropped her ice cream...')
- Use more precise descriptions. (e.g. 'I forgave her and told the two women not to do **those impolite** things again.')

Subject : An accident on the ferry

Dear Janet,

How are you? Yesterday, I went home by ferry after the trip to Cheung Chau. On the ferry, two women were chatting loudly while they were enjoying their ice cream. I was quite annoyed because I had wanted to take a nap.

Later on, one of the women put her feet on the empty seat in front of her. I shook my head but she did not notice.

After a while, the ferry started to cross the harbour and it made the woman accidentally drop her ice cream. It fell on my shoes and made them sticky.

How careless was she!

The woman apologised to me immediately. I forgave her and told the two women to look at the signs on the ferry. This experience tells me that we should always behave well in public.

Yours,

Martin
